- C) They have higher rates of infant mortality.
- D) They have higher rates of heart disease and obesity.

Answer: D

Explanation: A)
B)
C)
D)

6) The 'M' in SMART goals stands for

6) _____

- A) mini.
- B) moderate.
- C) meaningful.
- D) measurable.

Answer: D

Explanation: A)
B)
C)
D)

7) The precontemplation stage is characterized by

7) _____

- A) a planning for change.
- B) an awareness of the problem.
- C) a belief that there is no need for change.
- D) a modification of behaviour.

Answer: C

Explanation: A)
B)
C)
D)

8) The "greenhouse" effect is

8) _____

- A) more pronounced in under-developed nations.
- B) a complex system of burning coal.
- C) an invisible insulating blanket that traps heat and increases the temperature of the atmosphere.
- D) not yet proven.

Answer: C

Explanation: A)
B)
C)
D)

- 9) The following are all environmental factors, EXCEPT the 9) _____
A) air you breathe.
B) genetic make-up in your body.
C) water you drink.
D) amount of alcohol consumption in your home.

Answer: B

Explanation: A)
B)
C)
D)

- 10) Regular exercise decreases one's risk of all of the following EXCEPT 10) _____
A) osteoporosis. B) diabetes. C) heart disease. D) lung cancer.

Answer: D

Explanation: A)
B)
C)
D)

- 11) Gay, lesbian, bisexual, and transgender teens are at greater risk for 11) _____
A) obesity. B) suicide. C) asthma. D) cancer.

Answer: B

Explanation: A)
B)
C)
D)

- 12) If you tell yourself, "It's Friday already, I might as well wait until Monday to start" you 12) _____
are
A) blaming. B) rationalizing.
C) procrastinating. D) justifying.

Answer: C

Explanation: A)
B)
C)
D)

- 13) The behaviour one identifies for change is called 13) _____
A) enabling behaviour. B) predisposed behaviour.
C) bad news. D) target behaviour.

Answer: D

Explanation: A)
B)
C)
D)

- 14) The six dimensions of wellness include all of the following, EXCEPT 14) _____
- A) emotional wellness. B) environmental wellness.
C) intellectual wellness. D) physical activity wellness.

Answer: D

Explanation: A)
B)
C)
D)

- 15) Reducing pollution and waste in the workplace is an example of promoting 15) _____
_____ wellness.

- A) environmental B) intellectual
C) social D) spiritual

Answer: A

Explanation: A)
B)
C)
D)

- 16) Entries made into a health journal about a behaviour should note all the following, EXCEPT 16) _____

- A) how you felt at the time. B) what your friends/family did.
C) when and where it happened. D) what the activity was.

Answer: B

Explanation: A)
B)
C)
D)

18) _____

- A) testimonials for evidence.
- B) blogs first.
- C) latest media post on the topic.
- D) qualifications of the people behind the site.

Answer: D

Explanation: A)
B)
C)
D)

19) The complete set of genetic material in an individual's cells is referred to as her or his

19) _____

- A) genome.
- B) genes.
- C) proteome.
- D) RNA.

Answer: A

Explanation: A)
B)
C)
D)

20) Chances of success in behaviour management DECREASE if

20) _____

- A) programs are those that can be followed over a long time.
- B) environmental cues are ignored.
- C) efforts are cost-effective.
- D) change in behaviour is real and lasting.

Answer: B

Explanation: A)
B)
C)
D)

21) The percentage of overweight or obese Canadians is

21) _____

- A) 60 percent.
- B) 45 percent.
- C) 18 percent.
- D) 33 percent.

Answer: A

Explanation: A)
B)
C)
D)

22) All of the following are important aspects of well-being that you may not be able to control, EXCEPT

22) _____

- A) smoking status.
- B) heredity.
- C) environment.
- D) health care.

Answer: A

Explanation: A)
B)
C)
D)

23) When considering health information available on the Internet, which of the following is not an important question to ask yourself when considering the reliability and accuracy of the information? 23) _____

- A) Is the site promotional?
- B) How often is the site updated?
- C) What do other sources say about the topic?

A) exercising B) healthy diet C) family history D) smoking

Answer: C

Explanation: A)
B)
C)
D)

- 106) Carla has become very busy since she came to university. She is a full-time student and 106) _____
is very active in campus clubs and organizations. Her classes and campus activities leave
her little time to socialize with her friends. She is beginning to feel as if she has let her
friends down because she has had to cancel several activities that they had planned, but
she also feels guilty if she isn't able to meet her other obligations. Carla has always thought
that she was in control of her life and has managed well up until now. She wants to spend
more time with her friends without giving up her other activities.

Carla realized and corrected her mistake. What can Carla do to ensure that she will
continue to have enough time to have fun with her friends without compromising any
area of wellness?

- A) Establish set times and days to be with her friends.
B) Be flexible with her time and acknowledge that obstacles may occasionally disrupt
her plans.
C) Tell her friends that they have to participate in some of the campus activities with
her so that they can have more time together.
D) Eliminate some of her participation in campus activities.

Answer: B

Explanation: A)
B)
C)
D)

107) People with disabilities are more likely to

- A) die at a young age.
- C) have HIV.

- B) have cancer.
- D) be obese.

107) _____

Answer: D

Explanation: A)
B)
C)
D)

108) Carla has become very busy since she came to university. She is a full-time student and is very active in campus clubs and organizations. Her classes and campus activities leave her little time to socialize with her friends. She is beginning to feel as if she has let her friends down because she has had to cancel several activities that they had planned, but she also feels guilty if she isn't able to meet her other obligations. Carla has always thought that she was in control of her life and has managed well up until now. She wants to spend more time with her friends without giving up her other activities.
